**Subject:** SM Study Area map and check in  
**Attachments:** 9260142\_1.pdf

Hi Tom and Guangyu,

Hope you are both doing well.

Mayor Illece Buckley-Weber of Augora Hills is in DC at EPA HQ today to talk about Water Quality Funding. I will be listening in on the call and was sent this attached map as materials for the meeting.

Please take a look at it. It shows the NEP study area including the LA and SAN Gabriel river. I was under the impression that it was only the waters draining to SMB.

I quickly tried to find a map of the study area in the BRP and 2010 state of the bay for comparison but was unsuccessful.

Can you provide some clarity?

The call is at noon our time so if you could get back to mein advance of the meeting that would be appreciated.

Also, Tom I wanted to check in sometime this week to see how the NEP workshop went and just check in in general.

Here are some available times this week.

Tuesday 230

Wednesday 200

Thursday between 130-330

If it needs to be next week that is fine too.
